An Information-Place Review of The Scooter Store

The Scooter store is America's leading supplier of mobility scooters and electric wheelchairs. The Scooter store was founded in 1991 and is located in New Braunfels, Texas.

The Scooter store has a number of retail store locations and a Web site located at www.thescooterstore.com

The Web site is very well laid out and easy to navigate. There is a lot of helpful information about mobility scooters and electric wheelchairs. It is also quite informative about medicare policies on mobility scooters and electric wheelchairs. I found that the answers to all of my quesitons were easily found on the Web site.

The Scooter store offers a free Mobility Consultation. It is a free phone consultation with one of the Scooter Stores experts. The free consultation helps you understand your mobility scooter and electric wheelchair options including medicare coverage information. You also receive a free All About Power Mobility Guide.

I found the scooter store consultant to be extremely nice, helpful and patient. She answered seveal of my questions about electric wheelchairs. She also helped me get a better understanding of medicare's coverage policy. You can tell right away that the consultants care about you, and that it is not just a mass telemarketing center.

In order to get a free consultation, you need to fill out the information form on their Web site. It was actually quite painless to fill out and it only took me a few seconds. I really liked that fact that it didn't ask 20+ questions, you just enter your name and general conact info so that they can call you back.

The Scooter store Web site also offers a free newsletter, which I found to be informative and helpful.

Overall I found my experience at the Scooter Store to be quite pleasant and I highly recommend their free mobility consultation. It was very informative and saved me a lot of time as I didn't have to hunt down all the ins and outs of coverage myself.

Below is a limited time offer from the Scooter Store offering \$50 off a Go-Go Ultra Scooter to Information-Place Readers. Please note, that you must follow the link below to receive the \$50 discount.
